## ABOUT ME

Motivated Computer Science student at Galala University passionate about leveraging technology to solve complex problems. Skilled in C++, Java, and Python, with a strong foundation in algorithms, data structures, and database management. Actively seeks knowledge and stays updated with industry trends. Thrives in challenging, innovative environments, honing analytical and problem-solving skills through hands-on projects and collaboration.

## EXPERIENCE

### FULL-STACK DEVELOPER

**JAN 2020 – DEC 2022**

Collaborated with designers and back-end developers to create responsive and user-friendly web applications for clients in various industries.

### FRONT-END DEVELOPER

**OCT 2022 – PRESENT**

Kept up-to-date with the latest industry trends and technologies, and recommended new tools and techniques to improve the development process.

## EDUCATION

### FULL-STACK DEV – AMIT LEARNING

**DEC 2020**

Learned the basics of web-development, responsive web-design and UI/UX Friendly Design.

### CS – GALALA UNIVERSITY

**SEP 2023**

Field of Computer Science & Engineering. We learn programming languages as: C, C++, Java and Python.

## SKILLS

- Problem solving
- Usability Testing
- Project Management
- Clean Code
- Version Control
- Collaboration

## ACTIVITIES

I have experience as a Full-Stack Developer, collaborating on web applications, and currently work as a Front-End Developer. With skills in problem-solving, clean code development, and project management, I thrive in innovative environments. I actively network, research industry trends, and develop my developing skills in my free time.
